

Chrismons Workshop

Chrismons – gold and white Christmas decorations based on Christian symbols, were the theme at the workshop in Highampton Village Hall on 28th October. Children from across the benefice came and a pleasant afternoon was spent, creating the Chrismons out of card, paper, fabric, sequins, ribbon.....and glue!

This was the third venture, gathering together interested children to create their own decorative offerings for our churches. So far, Easter, Trinity and Christmas have been the featured seasons. It will be interesting to see if the workshops can continue in 2010.

Many thanks to the members of the Families and Children's Ministry team, who organised and led the event.
