

## Families Summer Fun Day

August hasn't been the most summery month this year, but the rain stayed away on 22<sup>nd</sup>, the day of our first summer fun day, open to the benefice and beyond!

Bradford Village Hall made a delightful venue, with plenty of space for outdoor and indoor things to do.

There were lots of activities - a bouncy castle, mini golf, a treasure hunt, films, and many different craft options. By the end of the day there was a display of play dough designs, illustrated names, stained glass effects, finger painting, and much more.

The picnics were very varied, ranging from very simple bags of crisps, through to a delightful mini table, loaded with all kinds of goodies - lots of ideas for next year!

A very happy day concluded with a family rounders match, on the school field, declared a draw!

Afterwards, everyone who came helped to put things away and clear up generally. They've all been invited back to next year's fun day!

Thanks must go to the Families and Children's Ministry Team, and the other helpers, and especially to Kathy, who was able to share in the picnic lunch and join in the games in the afternoon.
